Good morning all,

Please find the following sit rep for you SA and that of all your teams / members deployed (please brief them).

- Our current posture will be maintained, our target to keep that posture was Monday Feb 7 at 0700 hrs as per our weekend 24/7 plan. Please link with your planning leads (as per the attached from Feb 4) if there are any questions or concerns.
- Any change to that posture will be advised as soon as we are able to predict partner actions and crowd actions. We may not be able to decide on that until tomorrow. My hope is that we will

be able to move into our long term posture tomorrow.... Please understand this is fluid and that we will keep the current posture until the order comes to change it.

- Our intel is that s.37 will move to s.37 this evening, s.37
s.37
s.37 s. 8 Sgt Bouchard, is linked in with TSG, PMPD and facilities to deal with any logistics required for this change.
- There is no indication from partners in regard to any type of planned interventions to “remove” the protest from the downtown core. Partners are planning their postures for a week from now. Please prepare your members and teams for that outlook in regard to work and personal admin.
- A meeting has been set for tomorrow afternoon for Courses of Action from the Division at the Crops level. We will advise any required changes or updates after that.
- Please note that many of you are being canvassed for the names of your teams to have them sworn in as special Csts under the Ontario Police Act. That is in case we are asked to assist our Municipal and Provincial Partners actions under provincial or municipal authorities.
- That is a contingency, our main mission remains support of the Division’s and RCMP’s protective mandate.

Raymonde could you please add the members in CC to the group address?

If we have missed anyone in error please forward this onto them

Thank you all for you and your teams commitment to this extreme situation

Rod
